

## Map to Newnham Field

**Newnham Field is a private field located on Rt. 34, just north of The Rink/The Field.**

**From Ithaca, take the first right after East Shore Circle, through a gate and up a farm road into what appears to be an old farm field. After about 700 feet you'll see a small stone building on the left - please park near the building. The field itself is to the right.**

**The gate at the beginning of the driveway will normally be unlocked 45 minutes prior to game time. If you arrive early and the gate is still locked, please wait - Newnham Field is not open to the public and shouldn't be used without permission except for scheduled games.**
